Wind

Wind Turbine Disposal and Recycling Strategies

The wind industry is working to help advance sustainable disposal solutions through advanced recycling and repurposing methods while minimizing waste—maximizing the environmental benefits of wind energy.

Reduce

Reducing the need to replace components by extending the lifetime of existing blades is one of the mo (s)0.5 (c-0.117 -4ETEMC.5 (s)0.5 (i)5.5 (s)0.5 (on)0.5 (e)0.5 (.5 (c 1t5 (.5 (s)0.5 (i).5 ( )0.5 (i/It)0.5 (o (w 8.9475 0 0 tr(
